TELSTAR IS 42-6 WINNER IN MT. ABRAM CONTEST

Paul Farrar scored three touchdowns and Levi Brown two as Telstar High's Rebels defeated Mt. Abram 42-6 in a mutual Mountain Valley Conference football opener at the victors' field Saturday afternoon.

It was the 10th straight triumph for the Rebels, defending State Class C champions on their 9-0 record in 1972.

A punt return set up the initial drive with Telstar going 21 yards in the plays as Farrar hit over from three with only three minutes left. Farrar place-kicked the point after.

The Rebels struck again on Pete Eise going 63 yards on the option play. The kick for the extra point was wide of the mark.

Farrar capped a five play, 58-yard drive by sweeping over from the early in the second quarter. Later the Rebels moved 62 yards in six plays with Farrar again getting the kick this time on a sweep of 21 yards. The kick was wide again.

Telstar closed out the half with safety as Duffy Ellsworth nailed the Roadrunners punter in the end zone.

The Rebels wound up their scoring with a pair of tallies in the third period. The first march covered 62 yards with Farrar's 15 yard sweep highlighting the seven-play series to end the ball on the three. Brown continued on Page Eight

COMMENTS FROM THE TOWN MANAGER'S OFFICE

Applications for complimentary hunting licenses for people over 70 years of age will be available in the Town Office after Oct. 3 when the law permitting these becomes effective. Applicants will have to provide evidence of at least 20/60 vision. The licenses will be valid for three years from the date of issue. After Jan. 1 combination hunting and fishing licenses will be available in the same manner.

Oct. 3 will see many changes in all aspects of municipal government due to the passage of new laws in the last legislature. There were radical changes made in the welfare laws that will have a profound effect on the town's expenses in that account. From that date on any welfare case, regardless of how long they have lived here, will be the responsibility of this town. We must draw up guidelines for use in all cases. Refusal must be given in writing providing the applicant the opportunity to have a hearing within two days before an impartial board.

OFFICERS ELECTED AT HISTORICAL SOCIETY MEETING LAST THURSDAY

At the annual meeting of the Bethel Historical Society held last Thursday evening, Sept. 6, the following officers were elected for the ensuing year: President, Barbara Merrill; Vice President, Margaret Joy Tibbetts; Secretary, Christine Grover; Treasurer, Gwendolin Holt. The retiring president, Ed Quinn, was elected to the board of trustees and named chairman of the board.

A letter was read from John T. Grover explaining that because of the pressures of his duties as Dean of Students at Gould Academy he would be unable to continue overseeing the reconstruction and renovation of the Moses Mason House. The Society regrettably accepted his decision in this matter and he has the heartfelt thanks of all members for his untiring efforts in their behalf.

Mrs. Elizabeth Mason Carter has also indicated by letter that she finds it necessary to withdraw from the chairmanship of the Furnishings Committee and the Publicity Committee in order to better serve the many and varied interests with which she is involved. Mrs. Carter has made many valuable contributions to the work of the Society, including the laying of the groundwork for the Museum's designation as a State and Federal registered landmark. The Society is indebted to Mrs. Carter for her achievements in this as well as other areas.

Mrs. Floribel Haines gave an interesting talk describing her recent visit to the Rockefeller Foundation historical properties in Tarrytown, N. Y.: The John Jay House, the van Cortlandt House and the Washington Irving House, after which she presented to the Society a copy of "Early American Rooms—1630-1830" showing interiors which should prove useful in connection with the furnishing and decorating of the Moses Mason Museum. Prior to Mrs. Haines' talk, Mrs. Nell Valentine showed and described an "album quilt" made over a hundred years ago, containing in the cloth squares the penned sentiments and signatures of the friends of a bride-to-be. These squares, never made up into a quilt, have been sent to Mrs. Valentine for consideration as a contribution to the Museum.

Mrs. Colista Morgan, Corres. — The neighborhood seems quiet and empty since school started. There is a feeling of strangeness and one gets the feeling that time is passing all too fast.

Now when dusk comes, coolness overlaps the warmth of the day. Darkness folds down earlier over our countryside and a sense of peace and serenity envelops us.

September days with their pure clear sunshine are in-between days for they are free of the heat of summer and not yet too cold, just pleasant.

As I left the farm fields the other day a butterfly fluttered over my head looking ever so bright and summery against the subdued colors in the background. Soon another, and then another came flying along; the monarch butterflies. They had emerged from the chrysalis stage from among our many milkweed plants and now fly by the road sides and over the meadows. They are a coppery red beauty with white dots on the black-bordered, black veined wings and are as colorful as the field lilies. The inch-long chrysalis is the most beautiful of all butterfly chrysalises. It is smooth and green and dotted with gold. Occasionally one was brought to the school room in early September. We placed the "jewel" and a twig in a pill or box and covered the container with a net. When the butterfly came from the chrysalis it would crawl upon the twig, head down to await the unfolding of its damp, crumpled wings. When they were dry, wide spread and beautiful, we gently placed him without touching the wing, on a flower. He'd fly across the sky to join others, we hoped, on his way to the sunny southland.

These fragile insects are as successful at migration as most birds. It seems incredible, but true.

In spring
Gleaming red, veined in jet,
Dotted with pearls in ebony set;
Sky borne monarch, immigrant,
Northward lured by milkweed
plant!

In autumn
Wings flower-wreathed in a
fading tree,
Then petal-faded to a butter-
fly!

Musing upon each intriguing
quicks of the living world I stopped
by the quiet pond filled with beau-
tiful reflections of bordered trees.
On a lag a turtle nudged himself on

NORTHWEST BETHEL

Mrs. Louise B. Chapman, Corres. — Sunday morning was one of those mornings that you just don't mind getting up. It was just cool enough to snap you awake as soon as your feet hit the floor, and outside the air was inviting you to let it put some color in your cheeks, and gladly you oblige. With the girls in windbreakers we ventured out for a walk in our back yard—acres and acres of woodland. Following what used to be logging roads, we started out on an adventure that included the discovery of Norway pines, white birches, maples, beeches and acorns. It was a slow walk with little feet stepping gingerly over fallen tree branches and rocks, but holding onto a protecting hand made it a lot easier. After a while we came to a "mud pond." It doesn't sound very beautiful, but in the early morning light, and a little imagination, it's an oasis in the desert. Our walk had gradually taken us up hill and there was still a special place we wanted to show the girls, but that would have to wait,

for little legs were getting tired. Coming back down is a lot easier, except for an occasional fall caused from little sneakers on slippery leaves. By the time we arrived home, we'd covered quite a distance, seen and discovered many new things—together, as a family. A tree, an acorn, beechnuts, even moss, seeing these things through the eyes of the young, is like seeing them for the first time yourself.

Ruth Mason has resumed caring for Andy Smith now that school has started again.

Mr. and Mrs. Alan Chapman and girls visited with Mr. and Mrs. Butch Lane and Heather in Errol, N. H., on Saturday.
